"Have no fear of perfection-you'll never reach it." Salvador Dali

March 16, 2017

Dear St. Stan's Families:

My hope is you are recovered from the snow and ice of the past two days and that we can hope winter is behind us and we can look forward to spring and all of its glory. I think that if you take a moment and think about what Salvador Dali said, we can all breathe a sigh of relief as we know we will never reach perfection since that state is God's alone. What we hope to instill in each student is perfection belongs to God and trying and doing your best belongs to each of them. As March, speeds to a closure here are a few items you should be aware of:

1. St. Jude's Math a Thon is still going on, as of today we are half way to our goal of $4500.00.

2. The student council is running a cleaning supplies and toiletries drive for a homeless shelter in Edison that is run by Catholic Charities. Any small or big donation to this would be appreciated. Information is in the electronic white envelope.

3. The school is also participating in the annual Middlesex County food drive and any canned or boxed items you can send in are also greatly appreciated.

4. Because of the recent snow, please be advised we will be adding a half day on Holy Thursday, April 13th to our calendar in order to fulfill our 180 day school year commitment.

5. I have received some RSVP's for our Math Night on Thursday, March 30th. Please complete your response for an informative, educational and fun evening.

Finally, it is with heavy heart that I notify our school community of the passing of Mrs. Monteiro, the mother of one of our students. Please keep this family (part of our family) in your prayers. I will certainly let you know about details about arrangements as they become available. Each of you are always in my prayers.

Elena Malinconico, Principal
