Summer Reading Assignment for students entering Third Grade in September 2021

This year, for your summer reading assignment, you will be required to read seven articles in www.readworks.org and complete seven IXL skills.

The seven articles on www.readworks.org are:

  The Coldest Continent
  The Pony Express
  Monarch Butterflies
  The Atacama Desert
  Writing a Script
  Hooray for Mom and Dad
  Honeybees

Go to www.readworks.org/student and enter the class code **JVJJAA** and password **1234**.   Click on your name and you will see the seven assigned articles. After reading the article, please be sure to click on Question Set and answer the multiple choice questions for each article. Question sets must be completed by **Friday, September 3, 2021**. This assignment will be counted as a quiz grade and will be averaged in with the first marking period grades.
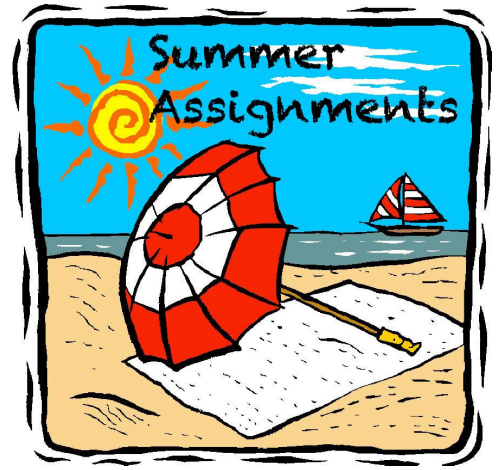

Happy Reading!

Summer IXL skills for Language Arts:

Skill - Level D	Completed
X.1 Put the sentences in order	
MM.1 Use context to identify the meaning of a word	
PP.7 Use regular plurals with -s and -es	
PP.12 Form the singular or plural possessive	
TT.17 Place sentences with irregular verbs on a timeline	
YY.4 Commas: review	
ZZ.4 Capitalization: review	

- Students must complete 20 skills over the summer at 90% accuracy. Skills completed at less than 90% accuracy will be counted as a missing skill.

- This assignment will be counted as a quiz grade and will be averaged in with the first marking period grades.

- Some skills you completed during the school year will be repeated. Even if you have already completed a skill during the school year, you must do that skill again during the summer.

- The IXL Summer Review must be completed by **Friday, September 3, 2021** and will not be accepted after this date. No exceptions will be made to the deadline. Failure to complete this assignment will result in a zero for this assignment.

- Students re-registering, regardless of the date of registration, will be responsible for completing this summer assignment on time.

IXL MATH SKILLS ASSIGNMENT
Summer Review for Students Entering Third Grade in September 2021

- Students must complete 20 skills over the summer at 90% accuracy. Skills completed at less than 90% accuracy will be counted as a missing skill. Occasionally, IXL may update the letter and number of the skill during the summer. Please go by the title of the skill (i.e. Add two -digit numbers with regrouping) and not the letter/number such as G.10.

- This assignment will be counted as a quiz grade and will be averaged in with the first marking period grades.

- Students should spread out the skills over the summer months rather than completing all of them a week or two before school begins. It is recommended that students complete 4 skills in June, 8 skills in July and 8 skills in August. I will be monitoring their progress over the summer.

- Some skills you completed during the school year will be repeated. Even if you have already completed a skill during the school year, you <u>must</u> do that skill again during the summer.

- The IXL Summer Review must be completed by **<u>Friday, September 3, 2021</u>** and will not be accepted after this date. No exceptions will be made to the deadline. Failure to complete this assignment will result in a zero for this assignment.

- Students re-registering, regardless of the date of registration, will be responsible for completing this summer assignment on time.
